PROUDLY MADE IN LIBERIA

Cemenco is part of the Heidelbergcement Group, a world leader in cement production.

Liberia Cement Corporation (Cemenco) operates in the capital Monrovia. The company is the main supplier in the country. The engagement dates back to 1968.

Cemenco is the only cement manufacturing and distribution company in Liberia certified ISO 9001: 2015.

Cemenco is engaged in the ISO 14001: 2015 (Environment) and IMS 45001 certification process.

Customer satisfaction, as well as the preservation of the environment and safety at work are the leitmotiv of our entity.

OUR HISTORY

1968: Scancem start Cement Mill 1. Throughput 15 tph.

1978: Second mill commissioning, 15 tph

2013: to meet national demand, a new generation of grinding mill was set up at Cemenco, to meet 65 tph

2018: Cemenco is the first Liberian cement manufacturer to obtain ISO 9001 standard certification

2019: To respond to the entire Liberian market, Cemenco is engaged in the construction of a new cement silo, an increase in the total capacity of its mill (90 tph), as well as in a second line of cement bagging machine, and vacuum palletizer.

in addition, Cemenco is committed to ISO 14000 certification (environmental standard), as well as IMS 4500, including Safety at work.

OUR VISION & MISSION

Building Our Mission

To create value in the building materials sector through the Innovative and Sustainable use of natural resources for the Benefit of our Communities and Customers

Sharing our Vision

To be a world class local business building a better and Sustainable future For Liberia
